

NICKELSforNEIGHBORS

Radical Living Urban Youth Garden

The Urban Youth Garden partners with local congregations to use their green space and kitchen to teach young people how to grow and prepare their own food. Recently, Radical Living has been granted a large community garden by the City of New York. By engaging, educating, and equipping youth, the UYG supports youth of color as they make healthy life choices and positively impact the broader community through creating green spaces and developing sustainability projects.
